NEXT GENERATION LEARNING SPACES

NorvaNivel™

NOTHING MOVES US MORE THAN CREATING LEARNING SPACES THAT MOVE THEM.

IT'S WHAT WE DO.
AND ONLY DO.

Why? Today's world is changing exponentially fast, as is the way we teach. And in the midst of ever-evolving pedagogies, the role space plays in our schools is more important than ever.

Since the beginning, NorvaNivel has always believed that educational spaces should work as hard as our educators. As the "3rd Teacher," space should also spark imaginations; nurture and develop creativity; support a diverse range of learning activities; and, above all, support a diverse range of learners.

Our spaces do just that. They encourage exploration and support independent learning, collaboration, and creativity – today, and long into the future. Our **award-winning spaces** are **intuitive by design, facilitative by intent.**

Welcome to our WHOLE SCHOOL SOLUTION.

NEXT GENERATION LEARNING SPACES

TEAM
WORK

Tomorrow's opportunities will demand a workforce steeped in **transversal skills** – **critical thinkers, collaborators, innovators, and problem solvers.** Global citizens who can continuously evolve as lifelong learners into the future.

(SO) HOW DO WE TRULY
PREPARE OUR CHILDREN
FOR THEIR FUTURE?

GIVE THEM SPACE.

an engaging, intuitive, collaborative

How? Let's break it down.

These are the skills learners need to become future-ready global citizens.

What elements must these learning spaces possess to cultivate these skills?

"The more that you read, the more you will know. The more that you learn the more places you will go."

- DR SEUSS

"Why fit in when you were born to stand out?"

THE SEVEN ELEMENTS OF AN ENGAGING SPACE

Furniture and Space are FLEXIBLE

COLLABORATIVE and INDEPENDENT Learning Areas

Facilitates MOVEMENT

Fosters ENGAGEMENT CREATIVITY INSPIRATION

Wired and Geared for TECHNOLOGY

ACOUSTICALLY SOUND

TACTILE and SENSORY

Consider not one or some, but ALL

The Seven Elements in Detail

FLEXIBILITY: Easily reconfigure light and agile furniture for a variety of learning zones.

COLLABORATIVE/INDEPENDENT: Facilitate all types of learning and learners with eclectic selections of product.

MOVEMENT: Studies link cognition, focus and concentration to subtle spinning, rolling, and rocking.

ENGAGEMENT/CREATIVITY/INSPIRATION: Foster them by integrating STEAM prototype spaces into the learning environment.

TECHNOLOGY: Connectivity zones facilitate digital learning, collaborative technology, curriculum design, and research.

ACOUSTICS: Turn any space into an interactive brainstorming and display areas with acoustic wall systems.

TACTILE AND SENSORY: Give kinesthetic and tactile learners a place to focus and thrive.

Now it's time to see what ENGAGING SPACES LOOK LIKE

WE'D LIKE TO TAKE YOU ON A TOUR

before you do a deep dive into your NORVANIVEL™ catalog.

An inspirational glimpse of engaging learning environments we've designed for schools all over the world. From Pre-K and elementary to higher learning solutions, each is purposeful and cohesively designed to support and facilitate today's ever-changing pedagogies and learning activities.

What's more, each of these spaces is a product of our unique consultative and collaborative approach. We always work closely with schools, their administrators, faculty, architects, as well as parents– and often students.

What to consider when pursuing our spaces? YOUR SPACES!

ACOUSTIC WRAP SCREENS
function as both research pod
or testing pod!

It's all hands on STEAMSPACE™.

THE NORVANIVEL STEAMSPACE™ SYSTEM

EVERYTHING you need to integrate STEAM into your curriculum.

The outcome of a STEAM focus is to ensure learners get exposure to hands-on learning that challenges them to think critically and creatively and provides application of content in meaningful ways.

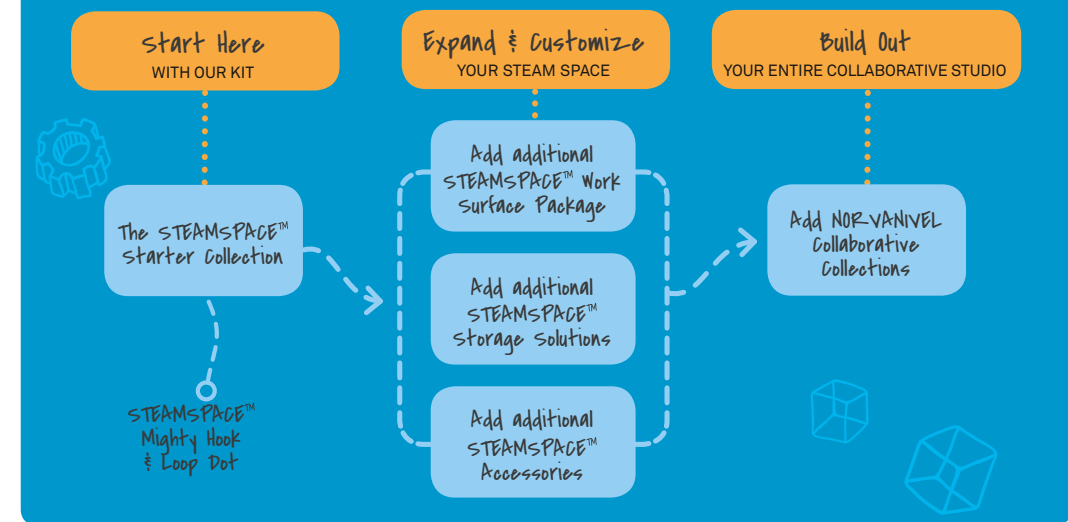

So how do we facilitate this in terms of space?

Be it **Science, Technology, Engineering, Art, or Math**, our STEAMSPACE™ System is a fully-integrated, highly-adaptable solution, literally morphing in minutes as learners move from one hands-on learning project to the next.

Our 5 Key Drivers to a Successful STEAM Space:

1. Spaces that quickly and easily adapt to any STEAM activity
2. Interchangeable surfaces designed for the task at hand
3. Adequate and ample storage
4. Accessibility of materials across curricula
5. Spaces that facilitate creating, prototyping, research, and collaboration

ACOUSTIC CONSIDERATION
One of the essential elements of an engaging space!

WE WRITE ON THE WALLS

HAVE WALLS TAKE AN ACTIVE ROLE IN ANY LEARNING SPACE.

Our whiteboard collective with HOOK & LOOP RECEPTIVE, PINNABLE, ACOUSTIC wall options creates a collaborative and multi-sensory learning experience anywhere—a favorite for visual learners!

WE THINK ON OUR FEET

A standing ovation
for cognitive learners!

Most neuroscientists agree learning
and movement are powerfully
connected.

So, providing all learners
opportunities to stand, sit, roll, lie,
and fidget through intuitive space
design creates a win-win for all.

OUR MISSION IS A PERSONAL ONE.

It's grounded in our own children's future, and our promise to ready them for a world of unlimited opportunity.

Each one of them, unique in every way, give us an invaluable perspective on what makes truly engaging learning spaces. It's because of them we live to create spaces that speak to equity, grow children as people, and ignite a passion for discovery and knowledge—resulting in a lifelong love of learning.

Give them
SPACE

Cheers from the NORVANIVEL family to yours.

Our world is bound only by
the perimeters of our imagination.

What if furniture could embrace our overwhelming desire for
freedom of thought, our right to be individuals, our need for creativity?

Imagine spaces that, from the early stages of our education through to
our working environments, are bound only by their ability to encourage
productivity and progress through color, texture and design.

Crafted products that can be used in as many ways as the imagination
will allow—challenging and changing the way we learn, socialize
and play – coupled with the highest quality craftsmanship.

This is our world..Each day. Each product, Each project.
