

Let the next  
decade of  
innovation  
begin.

*What's new for 2020*

NorvaNivel®  
*Give them space.*

We're out to transform the world of educational spaces, and have been doing so for a decade. Relentlessly exploring new ways to design learner-centered spaces where not one, but *every child* is engaged, and every educator empowered.

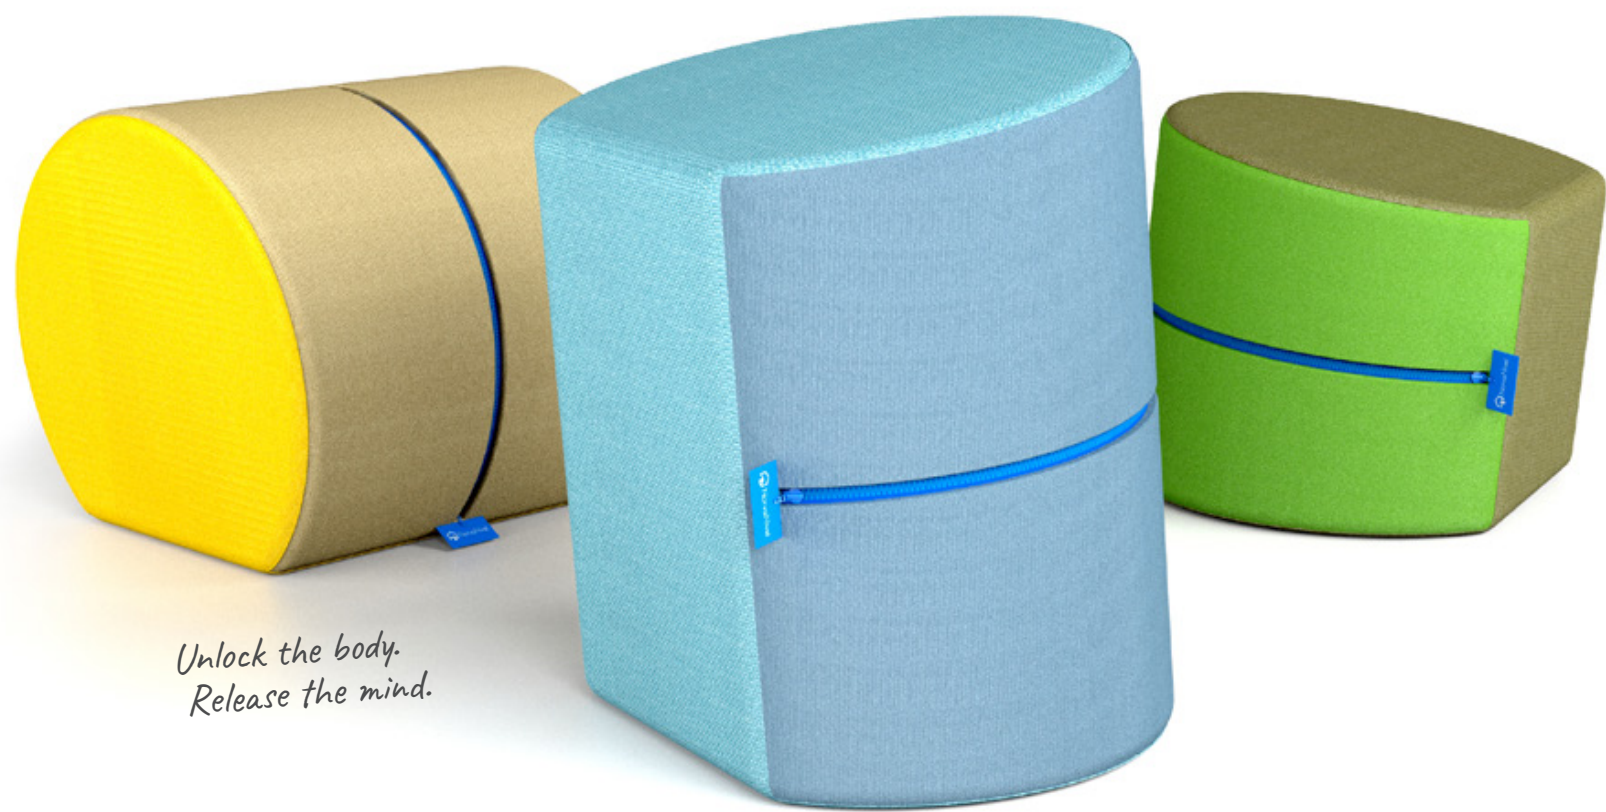

Are you with us?

*How does she learn best?* Tannah will tell you she's a tactile learner. She feels most engaged when she can move both within her seat and around her space. Having that freedom of movement both calms and focuses her.

# A *new slant* on our favorite rock star.

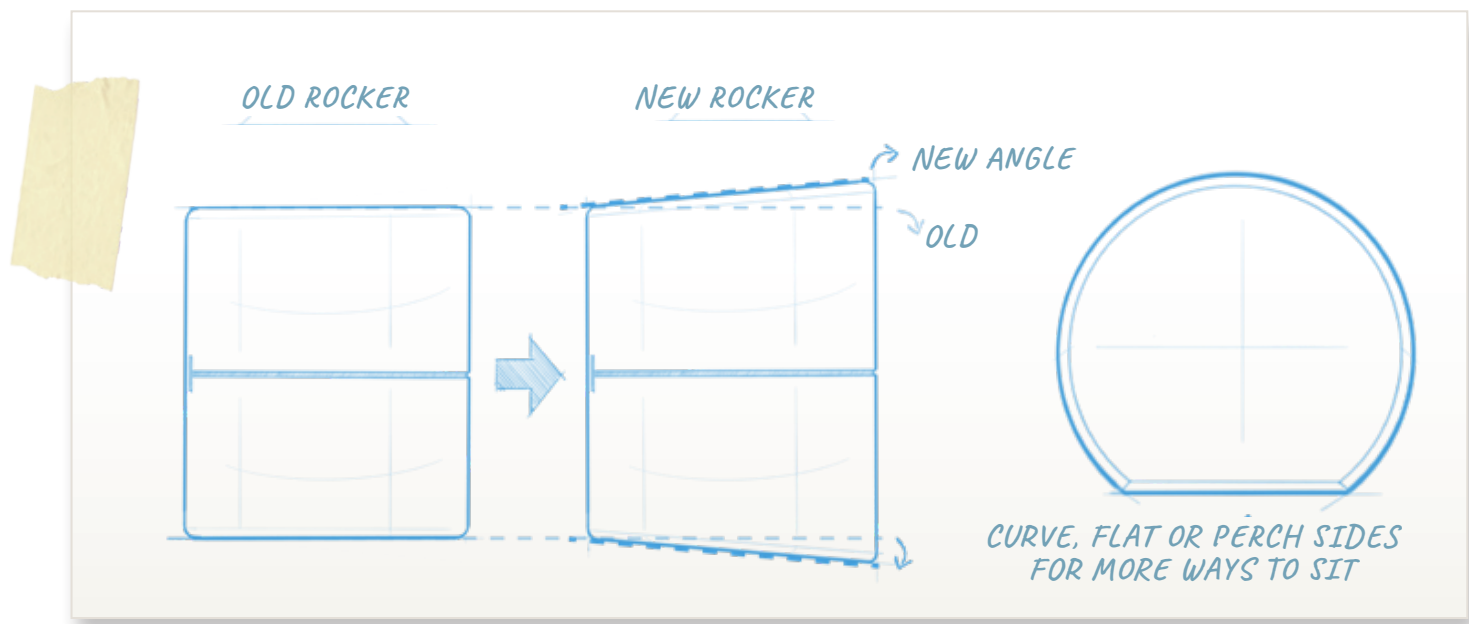

**RockerOtt10.™** Sit, perch or lean and all positions in-between. The choice is theirs.

*Unlock the body.  
Release the mind.*

**DESIGN NOTES:** 10° angle to support the lower back • Facilitates active sitting from rolling to rocking and now perching • Supports learners through all their natural body movements • Our unique super-light foam core creates just the right firmness • Improves cognitive development and well-being

**RockerOtt10\***  
Seating  
L 18"  
W 16"  
H 12/16/18"

We believe learning spaces should work as hard as our educators. Modular, adaptive,

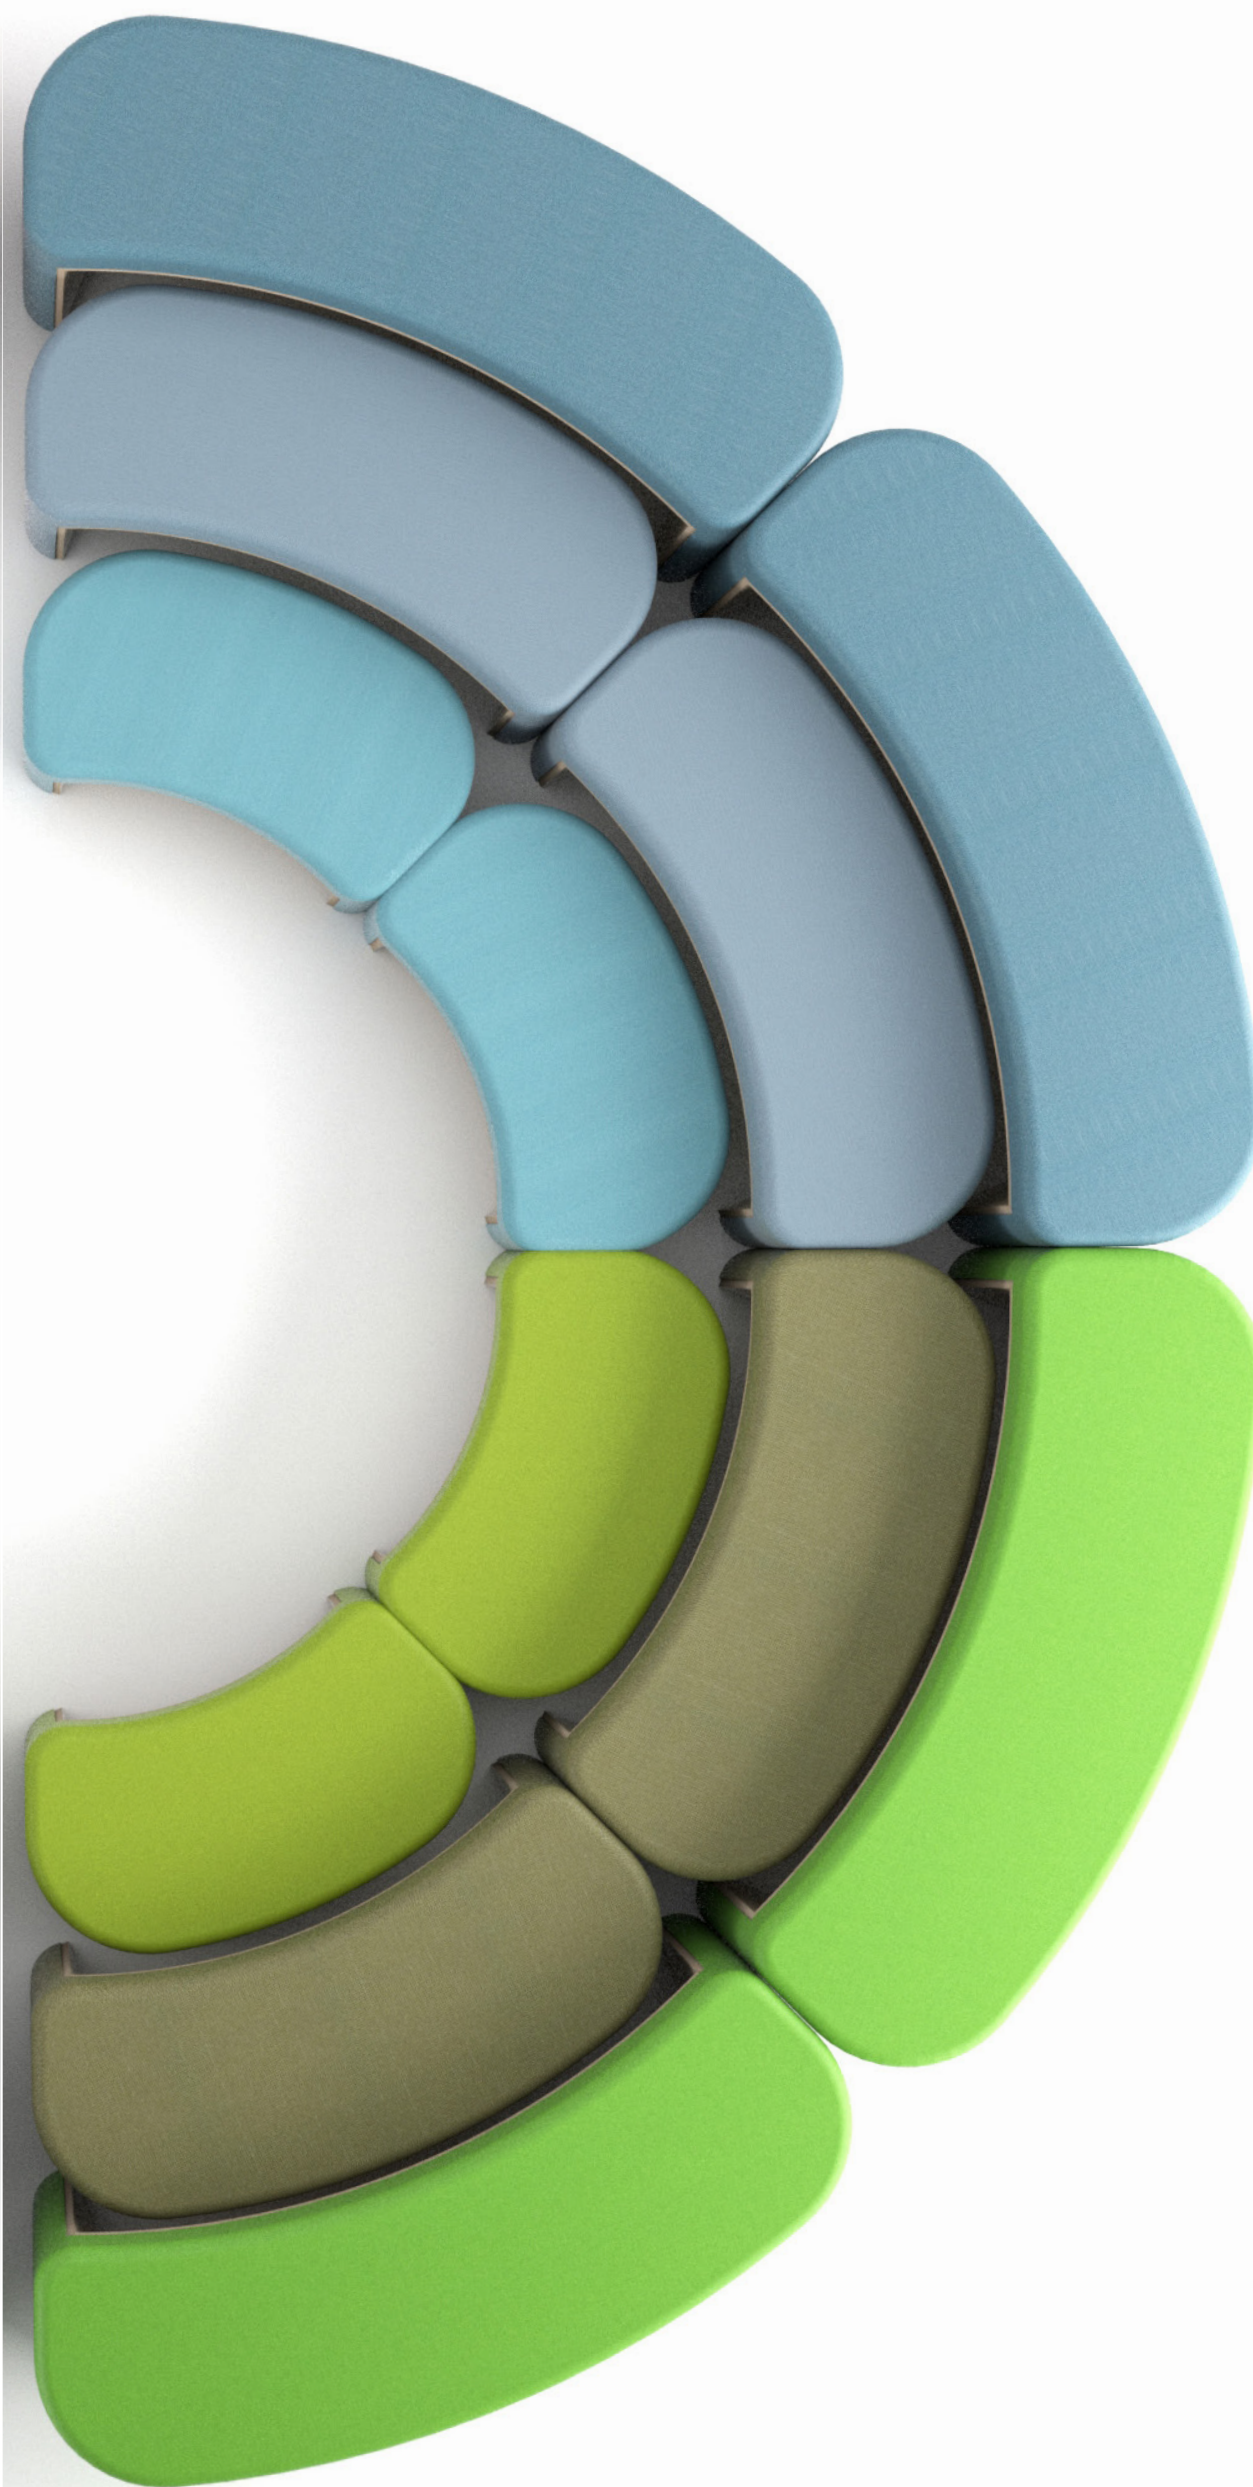

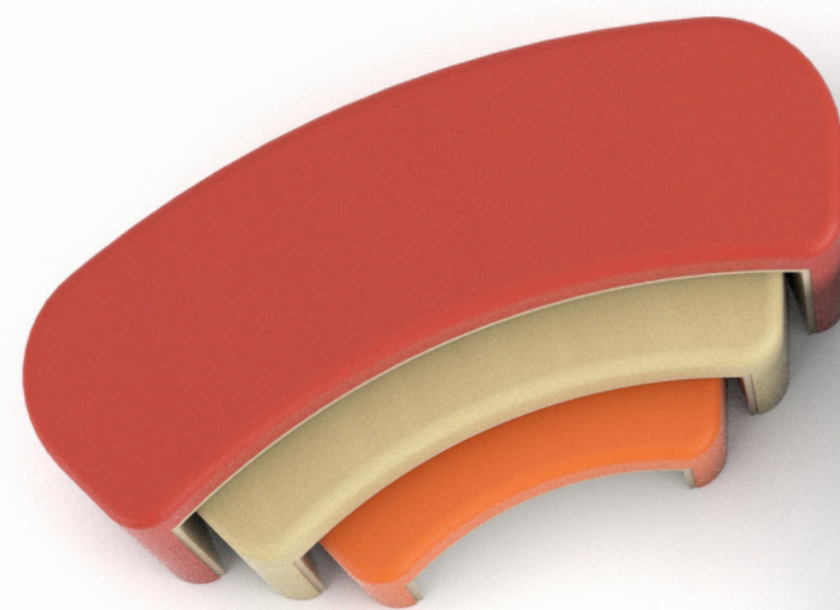

active learning spaces

that encourage exploration and support collaboration. Nothing moves us more than creating educational spaces that move them.

# Group seating has come full circle. Meet Genci.™

*Now less means more space.*

◀ **DESIGN NOTES:** Nesting feature creates ultimate space efficiency • Light and agile modular design allows for endless configurations to support various group sizes, interaction and dynamics • Facilitates collaboration in a non-formal and creative setting

## Genci.01

COLLECTION INCLUDES:  
2 x Genci™ Inner Tier 34"x20"x12"H  
2 x Genci Middle Tier 47"x21"x18"H

L 34"	L 47"	L 60"
W 20"	W 21"	W 22"
H 12"	H 18"	H 24"

\*Design Patent pending

A truly  
learner-centered  
experience  
recognizes

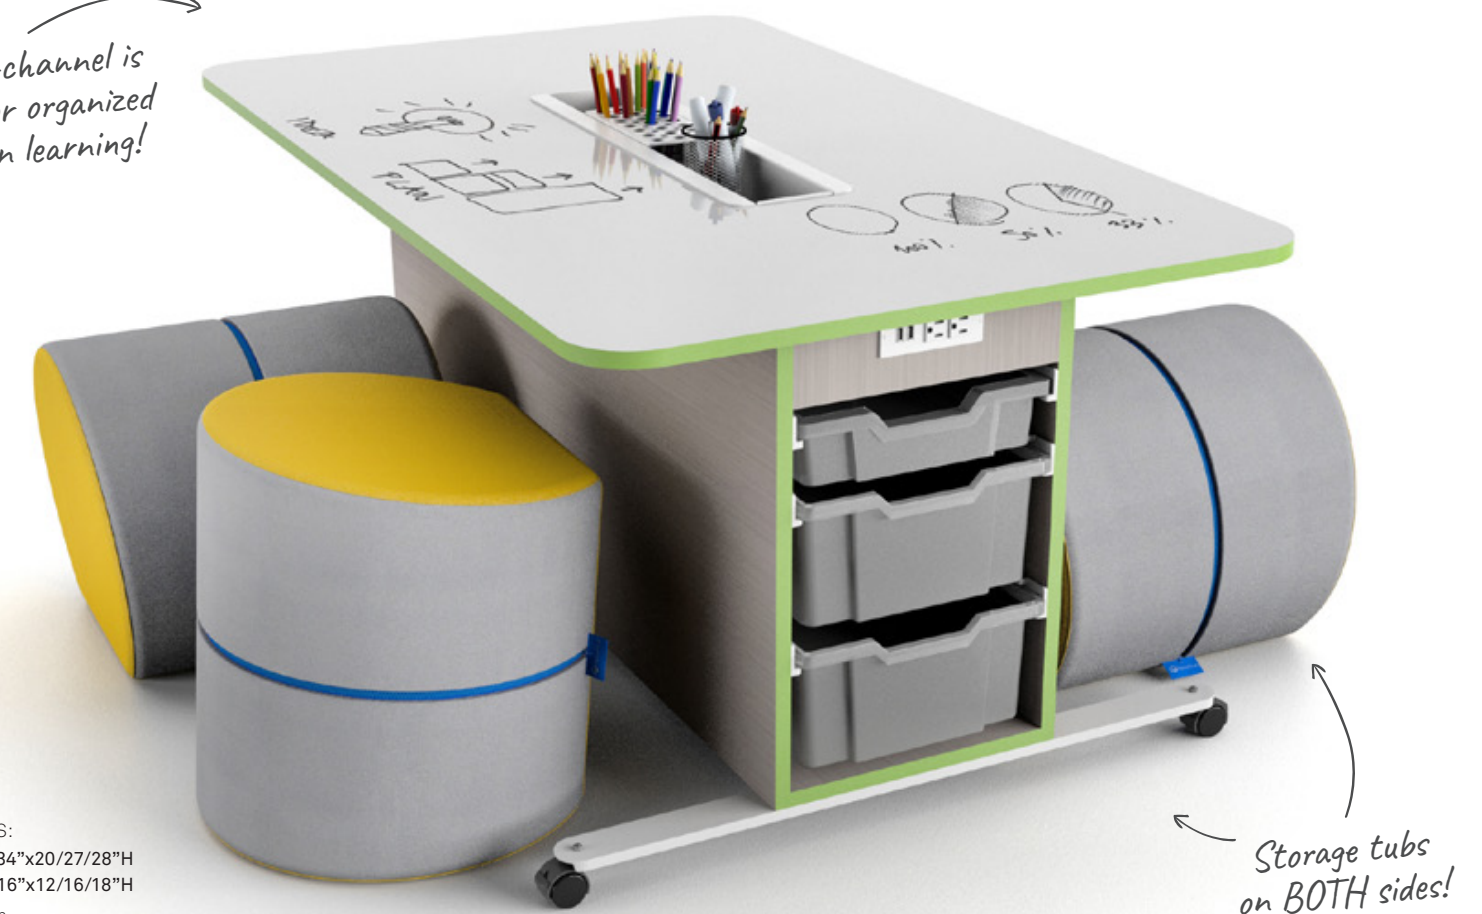

the  
power  
of  
choice.

Spaces encourage  
learners to self-evaluate,  
self-regulate and  
ultimately self-select,  
intuitively choosing to  
configure a space to suit  
their own needs.

Our hands-on hero is **on the move.**

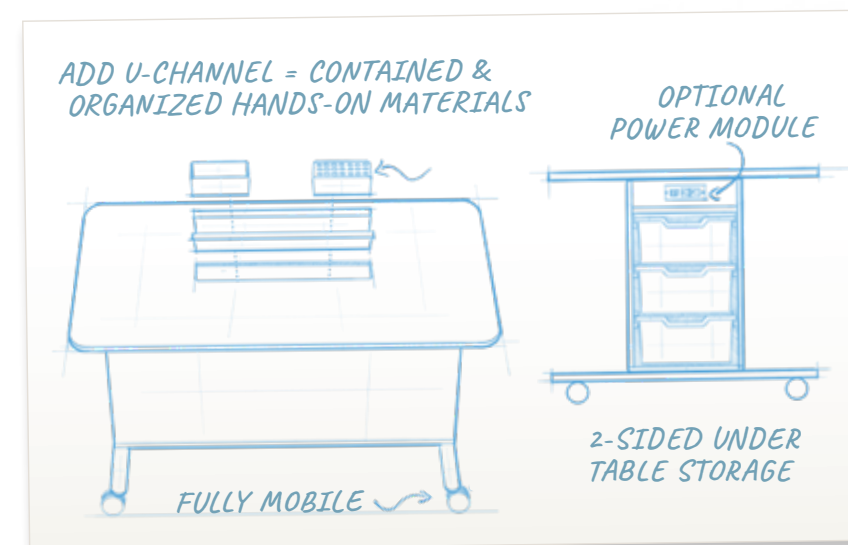

**The New TeMakr.™** Now with more storage, and more access to what learners need.

*Center u-channel is  
perfect for organized  
hands-on learning!*

#### TeMakr.01

COLLECTION INCLUDES:  
1 x TeMakr T-Table 55"x34"x20/27/28"H  
4 x RockerOtt10™ 18"x16"x12/16/18"H  
Seats 4 / K-6, Middle, High  
Footprint: 5' x 5'  
Accessories sold separately

**DESIGN NOTES:** Our favorite activity table for learners is even better • Casters and steel framing add mobility and strength for setup anywhere • Center U-Channel adds additional tabletop storage and optional onboard power • Our recommended writable surface facilitates collaboration and creativity in the learning space

## CHOOSE YOUR BACK

*Opt for a writable surface or carpeted surface for collaboration and display!*

Designing a space for the average learner is a space designed for no one. Learning spaces must be designed with the intent of learners as individuals. Where each may find

a space of their own.

Children who have the ability to manipulate their space have a greater opportunity to discover their own power and purpose – their path to agency.

**They're making big plans.** Innovating, creating, making and more. Give them a fully integrated Everything you need to create a fully functioning STEAM studio and more. Just add learners,

STEAMspace™ 2.0 System. and let them loose.

# Full STEAM ahead.

## Brilliantly simple. Utterly comprehensive.

### Full STEAM from the start. Introducing STEAMspace™ 2.0 Starter Collection.

This is what happens when you can't stop innovating. Something even better. Now mobile and magnetized, our Junior and Senior STEAMspace™ 2.0 Starter Collections not only **turn any space into a STEAM learning space**, their incredibly mobile and massive storage features make integrating hands-on Science, Technology, Engineering, Art and Math into any curriculum amazingly simple.

### STEAMspace 2.0 Starter Collection\*

KIT INCLUDES:  
Every STEAMSPACE System product shown on p23! See our catalog for list.  
Seats 10-12, 3-4, Middle, High

#### 1. Now Completely Mobile

Your STEAMspace System is ready to roll through doors, down halls, room to room for easy set-up anywhere.

#### 2. Carpeted Benches and Caddies

Customize your STEAMspace for any activity. Tools and accessories adhere to our tactile STEAMspace Bench and Caddies. Carpeted surface doubles as an excellent work surface for projects with small parts.

#### 3. Interchangeable Magnetic Surfaces

On-board magnetic surfaces let you carry, store and easily change out work surfaces according to your task.

#### 4. Our Agile U-Channel connects your mobile benches, holds your Powerbar, tools and bits at your fingertips.

Tools and accessories adhere to our tactile STEAMspace Bench and Caddies. Carpeted surface doubles as an excellent work surface for projects with small parts.

#### 5. Customizable to the Task

Tools and accessories adhere on-board to any carpeted surface or U-Channel for easy-changeout to suit any task.

## Fully loaded.

Our mission is a personal one.

Grounded in our own children's future, and our promise to ready them for a world of unlimited opportunity. Each one of them, unique in every way, gives us an invaluable perspective on what makes truly engaging learning spaces. Spaces that speak to equity, grow children as people, and ignite a passion for discovery and knowledge resulting in a lifelong love of learning.

**Uniquely collaborative.** We know that the more we understand, the better we can facilitate your learning space. That's why we love to work closely with schools, their administrators, faculty, architects, parents and especially students.

**We design everything we make.** Masterfully crafted. Limitlessly reconfigurable, learner-centered spaces. Spaces that engage and empower. Inclusive spaces that provide a sense of place, community and connection. From Pre-K and elementary to higher learning solutions, we design every single detail to facilitate today's ever-changing pedagogies and learning needs.

**Easy to clean and hard to break.** We have only ever designed for education environments and our learner-friendly furniture is built to take it. If for some reason one of our items doesn't make the grade, we certainly want to hear about it.

**We stand behind our product.** In the spaces we design, the commercial fabrics and high-quality materials that we choose, and most importantly in the final product we deliver. We offer a lifetime warranty on our full foam products and 10-year warranty on all other products.

**We're here. Every step of the way.** From initially visualizing your spaces through our renderings to professional development available for our installed spaces, we help learners and educators to succeed in a NorvaNivel learning environment.

**NorvaNivel reserves the right to constantly improve upon our designs.** Particular products may change dimensions, components, inclusions, finishes, look different from catalog images or become unavailable. We will replace those products with something even better!
