We're out to transform the world of educational spaces. Relentlessly exploring new ways to design learner-centered spaces where not one, but every child is engaged, and every educator empowered. Join us.

Why NorvaNivel?

Uniquely collaborative. We know that the more we understand, the better we can facilitate your learning space. That's why we love to work closely with educators, school administrators, architects and parents. Ultimately, this leads to the best spaces for our most valued customers – LEARNERS!

We design and manufacture every product– here in the USA. Each product is masterfully crafted, limitlessly reconfigurable, and unapologetically agile. Our inclusive spaces provide a sense of ownership, community and connection. In fact, from Pre-K to our higher learning solutions, we design every single detail to facilitate today's ever-changing pedagogical and learner needs.

Easy to clean and hard to break. Having only designed for educational environments, we know learner-centric furniture must be built to last. If for some reason our items don't make the grade, we want to hear about it.

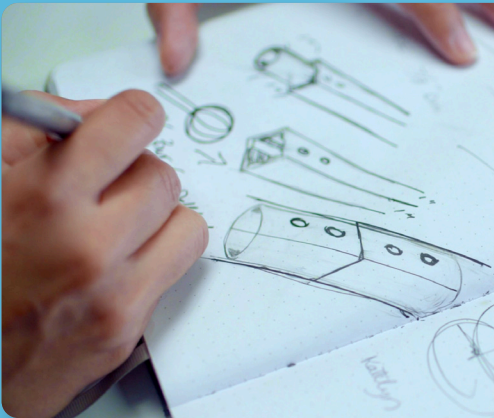

We stand behind our product. In the high-quality materials we choose, and most importantly in the final product we deliver, we're proud to offer a 10-year limited warranty on the vast majority of our products, and a lifetime warranty on the foam in our soft-core seating. We offer a 5-year limited warranty on writable surfaces.

We're here. Every step of the way. From our planning process, including realistic renderings of your space, to the professional development we offer once your spaces have been installed– we're committed to helping learners and educators succeed in a NorvaNivel learning environment.

NorvaNivel takes the investment we have made in the innovative design of our products seriously. We vigilantly protect our intellectual property with registered design, standard and utility patents in various countries around the world.

NorvaNivel Give them space.
